

Helica THR Seminar in Sacramento

Medicatech Vet would like to thank the VCA Sacramento Veterinary Referral Center for making the 2009 Helica THR Seminar in Sacramento, California a huge success.

The VCA Sacramento Veterinary Referral Center is truly a world class Veterinary hospital. It was a pleasure to have the seminar there. Their staff provided the highest level of professionalism and courtesy to all that attended.

Whenever a production like this takes place there are always many people that make it happen.

With that said, we would like to thank the speakers: Dr. Kei Hayashi of UC Davis, Dr. Tony Cambridge, Dr. Jeff Mayo and our special guest speaker Manssur Arbabian of Innoplant Vet who flew in from Hannover, Germany to give the engineer's perspective to the lecture and lab.

We also want to give special thanks to Dr. Rob Runyan of VCA Sacramento Veterinary Referral Center for his outstanding efforts. Without him this would not have been possible.

Sincerely,

Medicatech Vet Staff
